PROFILE

As a recent graduate with a degree in Computer Science, I am eager to begin my career as a software engineer. With a strong foundation in programming language Java I am confident in my ability to write clean, efficient code and troubleshoot technical issues. During my time in school, I also gained experience working on group projects and collaborating with others to develop software solutions. Additionally, I have a passion for learning new technologies and staying up-to-date with industry developments. I am excited to bring my technical skills, creativity, and enthusiasm to a dynamic team of software professionals and contribute to the development of innovative software solutions.
